CREATIVE INDUSTRIES

Creativity is at the heart of Edinburgh College. We pride ourselves on high-quality teaching in top facilities that allow students to get the best training in the country. Whether you are looking to develop your professional photography skills or explore music and sound, we have a range of qualifications that will set you up for an exciting creative career.

Creative training qualifications cover computing and sound engineering and are delivered in our top of the range facilities. Our 4 campuses house a fully equipped TV studio with green Chroma key and infinity curve, AVID editing suites, a 96 seat auditorium for screenings, professional sound recording studios with editing suites, the latest digital audio facilities and computer labs. Our outstanding photography facilities are fully equipped with a drive-in studio with white infinity coving, unique in photography courses in Scotland, and professional darkrooms that offer the opportunity to develop and process your own prints.

CUSTOMISED TRAINING

Although we provide Creative courses we also create customised creative training programmes tailored to business requirements. Please contact us if you wish to discuss creating a tailored training programme for your employees.

Customised Training includes:

- Microsoft Office
- Basic IT
- Photoshop
- CISCO Networking
- Digital Media Training (Video Editing)
