

GAS

For the future you want

Edinburgh College's Midlothian Campus at Eskbank is the largest training centre for domestic plumbing & gas in Edinburgh and the Southeast of Scotland.

Gas Safe and BPEC accredited training is carried out in our modern well-equipped facility with a relaxed and friendly environment allowing you to achieve the qualifications needed to work in the gas industry.

It is advised that you renew your gas qualifications every five years to refresh your knowledge on safety legislation and the latest equipment to make sure you are fully covered to perform your job.

Domestic gas workers must achieve the basic CCN1 qualification which qualifies you to work in the industry. After completing the CCN1 course you can go on to develop your knowledge in specialist gas areas allowing you to carry out a wider variety of jobs.

CUSTOMISED TRAINING

Although we provide gas courses we also create customised gas training programmes tailored to business requirements. Please contact us if you wish to discuss creating a tailored training programme for your employees.

Customised Training includes:

- Train the Trainer
- Managing People & Teams
- Being a Leader
- Influencing Skills
- Negotiation Skills
- Customer Service
- Conflict Resolution
- Time Management
- Project Management
