

LEARNING SUPPORT PROCESS

WHAT HAPPENS NEXT

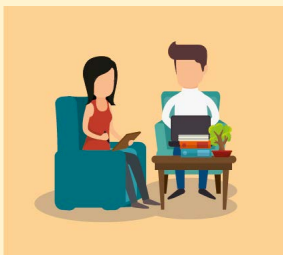

LET US KNOW

Let us know about your disability or additional support need on your application (eg, dyslexia, mental ill health) to make sure that your support is ready where possible at the start of your course.

WE WILL MEET WITH YOU

A member of the learning support team will get in touch with you to arrange a meeting. You can bring along any learning support evidence you have (e.g. letters or certificates).

CREATE YOUR SUPPORT PLAN

Your learning support advisor will let you know about any additional evidence required and will work with you to create a personal learning support plan.

HERE TO SUPPORT YOU

We will support you throughout your time at college as you work through your studies.
