WELCOME

2017

Welcome to our annual Prize Giving Ceremony, which has become the traditional way for us to mark the end of our academic year. As we come together to celebrate the end of the 2016/17 and the achievements of all our students, it's clear

there are so many who have excelled not only in terms of their academic achievements but also in the journey they have made in reaching their personal goals.

Although we can only award prizes to a small number of them at this event, these awards are a tribute to all students and staff who have given so much throughout the year.

Seeing all our students succeed is a powerful reminder of the value of further education and the fantastic job it does in supporting people to learn, develop and progress to great things.

We are all here because our students have proven they have the talent, dedication and will to succeed, and they should be proud of themselves. Today is their day and it represents everything that is great about our college. It's a privilege for me to share it with them.

Best wishes to all our students of 2016/17. I look forward to learning where they all go on to, into further studies or the workplace, and I'm confident they have a great platform to succeed.

Annette Bruton
Principal and Chief Executive
